

I found the booklet, *The Homeowner's Guide to Environmental Hazards and Earthquake Safety* (with gas shut-off valve update) which includes the Federal Lead booklet and Toxic Mold Update:

- | | |
|--|--|
| ☐ Helpful | ☐ Clearly written |
| ☐ Too detailed | ☐ Confusing |
| ☐ Not detailed enough | |
- ☐ The booklet helped me to locate earthquake weaknesses in my home.
☐ I have strengthened my home to resist earthquakes.
☐ I plan to fix my home's earthquake weaknesses.
☐ The booklet helped me find out that my home did not have any earthquake weaknesses.

The year my home was built was 1936.
