BUYER PRELIMINARY TITLE REPORT ("PTR") ADVISORY

PROPERTY ADDRESS: 8638 Hollywood Boulevard, Los Angeles, CA 90069

As the buyer, you have or will receive a copy of a Preliminary Title Report (PTR) in the "Disclosure Package" prior to submitting a Purchase Agreement or from the Title Company after the Purchase Agreement is ratified. The PTR is one of the most important documents in the transaction because it contains information regarding recorded documents affecting the Property and its use, including but not limited to exceptions, restrictions, and easements that could affect the property, its use and future development.

It is important that you carefully review the PTR, and any related documents that you have received including copies of easements, liens, encumbrances and judgments. Most often the PTR will be delivered electronically and will include hyperlinks that, when clicked, will take you directly to those documents. It is essential that you take the time to review all documents either prior to submitting a purchase agreement or during any inspection phase of the purchase depending on how your particular transaction is structured.

If you believe you have not received copies of documents which are referenced in the PTR, you should request any and all documents and satisfy yourself as to the suitability of the property before removing any associated contingencies.

If you have any questions regarding these documents or what they mean, you will be directed to a title officer at the Title Company who may be able to assist you. If you need additional information, you should consult with a qualified California real estate attorney. Real estate agents cannot advise on the meaning or effect of such documents.

I/We acknowledge receiving this Advisory and agree and understand the importance of carefully reviewing the Preliminary Title Report and all related documents whether included with the Report or available through a hyperlink to those documents.

CALIFORNIA WATER RESTRICTIONS, SHORTAGES AND CONSERVATION ADVISORY

Buyer is advised that California is currently facing drought conditions across the state. In some areas the state, local municipalities and water districts have, or may implement, use restrictions to address water shortages. Such policies may impact the Buyer's future use, maintenance and enjoyment of the property.

The policies of local water districts and the city or county in which the Property is located have resulted in, or may in the future, result in the occurrence of any or all of the following:

- Limitations on the amount of water available to the Property
- Restrictions on the use of water
- Increasingly graduated cost per unit of water use, including, but not limited to, penalties for excess usage

Broker strongly recommends that Buyer contact the supplier of water to the Property regarding the supplier's current or anticipated policies on water usage and to determine the extent to which those policies may affect Buyer's intended use of the Property.

If the Property is serviced by a private well, Buyer is advised that drought conditions and/or a low water table may make it necessary to arrange, through a private supplier, for delivery of water to the Property. Buyers should contact water truck companies for the costs involved. Brokers do not have expertise in this area.

I acknowledge receipt of and I have carefully read this Advisory:

PROPERTY ADDRESS: 8638 Hollywood Boulevard, Los Angeles, CA 90069 (The "Property")

1. CITY REPORTS AND ASSESSMENT LIENS

Buyer acknowledges that numerous cities in Southern California require that Seller pay for and deliver to Buyer, prior to close of escrow, a report concerning the City records regarding the Property. Those cities include, but may not be limited to, Los Angeles, Beverly Hills, Santa Monica and Culver City. Buyer and Seller acknowledge that Broker(s) is not responsible for the timely delivery of these reports. Buyer is advised to check with the Department of Building and Safety in the City where the Property is located to determine the status of building permits, certificates of occupancy and other records.

2. INTERSTATE CONSTRUCTION PROJECTS

Buyer is aware that Caltrans consistently plans the construction, expansion, and modification of interstates. Buyer is encouraged to investigate current and planned projects, particularly with regard to a project's potential impact on the Property and traffic in the vicinity of the Property. Buyer is advised to obtain additional information regarding projects from Caltrans.

3. MULHOLLAND SCENIC PARKWAY SPECIFIC PLAN

Buyer is aware that all property in the City of Los Angeles that is bounded on the East by the Hollywood Freeway, on the West by the Los Angeles City/County boundary line, and within approximately one-half mile North or South of Mulholland Drive is subject to the Mulholland Scenic Parkway Specific Plan (City of Los Angeles Ordinance #167943). If the Property

lies within the Specific Plan area, Buyer is strongly advised to obtain a copy of the ordinance and to investigate thoroughly the impact that the Specific Plan may have on the Property. Buyer may obtain an official and current copy of the ordinance by contacting the Los Angeles City Ordinance Division, 200 N. Spring Street #395, Los Angeles CA 90012 (213) 978-1133.

4. LOS ANGELES BASELINE HILLSIDE AND MANSIONIZATION ORDINANCE

Buyer is advised that the City of Los Angeles has adopted a Baseline Hillside and Mansionization Ordinance (Ordinance #184802) amending Sections 12.03, 12.04, 12.07, 12.07.01, 12.08, 12.21, 12.21.1, 12.23, 12.28, and 13.19 of the Los Angeles Municipal Code and adding Sections 12.21.6 and 13.20 to the Los Angeles Municipal Code to establish new regulations for all single-family residential zoned properties including RA, RE, RS, and R1, and to establish variations of the R1 Zone and also a Rear Detached Garage Supplemental Use District that may be applied to regulate garage placement in the RA, RE, RS, and R1 Zones. The ordinance imposes restrictions on an owner's ability to develop, remodel and/or make improvements to, or rebuild their property, including square footage. Buyer is urged to contact the Los Angeles Department of Building and Safety (LADBS.org) to determine what, if any, impact the foregoing ordinance may have on Buyer's intended use of the Property prior to removing contingencies. Brokers do not have expertise in this area.

5. LOS ANGELES WILDLIFE ORDINANCE

Buyer is advised that the City of Los Angeles Planning Department has proposed a yet to be adopted Wildlife Ordinance that may impact the Buyer's intended use of the property in the areas affected by the ordinance once adopted. City Planning initiated the Wildlife Pilot Study in 2016 in response to a Motion introduced by City Councilmember Paul Koretz. The Motion called for the Department to create an ordinance with a set of land use regulations that would maintain wildlife connectivity in the city. The Wildlife Pilot Study, stakeholder outreach, and expert feedback is informing an approach to proposed regulations to be applied to new development within the Wildlife Pilot Study boundary and would restrict development in highly vegetated and steeply sloped areas that would result in impacts to wildlife movement and habitats. Once adopted, it is intended that the regulations proposed for the Wildlife Pilot Study Area would eventually be expanded to the proposed Protection Areas for Wildlife (PAWs) within the City.

The Motion can be found here: http://clkrep.lacity.org/online/docs/2014/14-0518_mot_04-23-14.pdf

8. HANCOCK PARK – HISTORIC PRESERVATION OVERLAY ZONE

Buyer is aware that a Historic Preservation Overlay Zone (“HPOZ”) has been approved for the Hancock Park and Windsor Square areas of Los Angeles. As a result, an Interim Control Ordinance (“ICO”) has been passed which prohibits the issuance of any building permit allowing the demolition or alteration of a building in the proposed HPOZ that affects 51% or more of the building’s front façade. Broker hereby recommends that Buyer contact the City of Los Angeles to investigate how the HPOZ and/or ICO will affect the Property, Buyer’s ability to do construction on the Property, and the value of the Property.

9. HANCOCK PARK STREET LIGHTING ASSESSMENT

Buyer is advised that properties in Hancock Park and Windsor Square may be subject to an assessment for installation and/or maintenance of special street lighting fixtures. 13. CITY OF MALIBU AND PROPOSED SPHERE OF INFLUENCE

A portion of Malibu was incorporated as the City of Malibu in March of 1991. The City has imposed new restrictions and standards for construction, remodeling, and land development. Various governmental bodies, such as Site Plan Review Committee, Archaeological Review, Environmental Review Board, City Biologist, and Landscape Control may influence your plans for the Property. The General Plan includes changes in zoning and land use designations. The City of Malibu intends to try to influence development outside its boundaries through a “sphere of influence” in the General Plan. For further information, contact the City of Malibu and/or County(s) of Los Angeles or Ventura Department of Building and Safety.

14. GEOLOGICAL HAZARD ABATEMENT DISTRICT – MALIBU

Currently, the City of Malibu has designated certain geological hazard-abatement districts, including, but not limited to, Broad Beach. Buyer is strongly advised to check the City of Malibu's zoning codes, obtain an independent geological inspection, and consult with the City of Malibu geologist. If Buyer's purchase is based upon the desire/intention for future improvements, additions, or development of the Property, specific issues may be required to be addressed, such as slope stability and/or possible slide waiver, all of which may affect the Buyer's ability to develop the Property. Full investigation should be performed by Buyer's licensed professional(s) to confirm feasibility of such actions.

15. CALIFORNIA COASTAL COMMISSION, MALIBU, LOS ANGELES, OR VENTURA COUNTY

Buyer acknowledges that development and/or construction on the Property may be subject to the jurisdiction and requirements of the California Coastal Commission, the City of Malibu and/or the County of Los Angeles or Ventura. For all other portions of Los Angeles County, Buyer should contact the Commission in Long Beach at (562) 590-5071. Broker also recommends that Buyer contact the State Lands Commission for more information. Furthermore, at several points along the Malibu Coastline, property owners have recorded irrevocable offers to dedicate public access ways, which, if opened in the future, would provide public access to the shoreline through property which was previously private. Buyer is encouraged to consider the location and impact of such dedications or contact the City of Malibu and Commission for further information.

16. LOS ANGELES AIRPORT EXPANSION AND OTHER AIRPORTS

Buyer acknowledges that the Los Angeles International Airport (the "Airport") has a master plan to guide Airport expansion and Buyer further acknowledges that the Airport periodically considers further expansion. The vacant land to the north of the Airport, known as the LAX Northside Property, is awaiting necessary development plan approvals. Brokers are unable to advise Buyer regarding the details of current or proposed projects. It is recommended that Buyer thoroughly investigate such projects and satisfy himself or herself as to the effect on the Property, or the traffic in the vicinity of the Property. For further information, please contact 20th Century Fox at (310) 369-2058, Universal Studios at (818) 777-1000, and Paramount at (323) 956-5000.

21. SANTA MONICA MOUNTAINS NATIONAL RECREATION AREA/PARKS

The Santa Monica Mountains National Recreation Area (SMMNRA) has designations for all properties within its boundaries (fee acquisition, easement, cooperative planning, etc.). Properties in close proximity to the SMMNRA may have restrictions placed on them that could affect the Buyer's future development of the Property. Many species of native plants and trees, wildlife, wildlife corridors, creeks and streams are protected from disruption under municipal, state, and federal law.

Additionally, the City of Malibu has proposed a map designating desired parkland acquisitions. The State of California, Los Angeles County, Ventura County, and the Mountains Restoration Trust also have an interest in the future parklands and trails. Buyer is advised to check with the appropriate public agencies to determine the impact on the Property, if any.

22. SANTA MONICA MOUNTAINS OPEN SPACE PRESERVATION DISTRICTS

Buyer is aware that pursuant to the Santa Monica Mountains Open Space Initiative, an assessment of \$40 per year for 30 years has been assessed against each single-family household located in the Santa Monica Mountains Open Space Preservation Districts. The funds collected pursuant to the Initiative will be used to protect the remaining open space in the eastern Santa Monica Mountains. Buyers and Sellers should ascertain lien status from the Weed Abatement Department.

24. LOS ANGELES DEPARTMENT OF WATER AND POWER – OPEN RESERVOIRS

Buyer is aware that properties in the areas surrounding an open reservoir may be impacted by existing or future plans to modify open reservoirs in order to comply with Federal and State Clean Water Acts and other laws regarding water use and storage. 27. SANTA MONICA LEASING REQUIREMENTS FOR RENTAL UNITS

On September 8, 2020 the City Council enacted new leasing requirements that apply to all rental units in Santa Monica. The ordinance is available [here](#). The new rules went into effect on October 9, 2020 and require that all rental units adhere to the following rules:

- Units must be rented only to natural persons
- Units must be rented only to tenants intending the unit to be their primary residence
- Units must be rented for an initial term of not less than 1 year
- Units must be rented unfurnished

These new regulations are intended to preserve Santa Monica's rental housing stock for permanent residents in response to concern regarding loss of rental housing stock to corporations and persons who do not wish to make Santa Monica their primary residence.

On October 12, 2020, in response to community input, the City Council adopted amendments to the new leasing requirements. These include permitting an owner who occupies a rental housing unit as their primary residence to lease that unit for more than 30 days and less than a year no more than twice a year for a total period of less than six months.
